EVER THOUGHT ABOUT CUSTOM PRINTED??

This is a great way of advertising your business.

Solar Panel Bags

A solar panel bulk bag is a heavy-duty, reusable sack designed to transport and store solar panels safely. It protects panels from damage during handling, shipping and on-site installation.

- **Standard Size 200 x 10 x 125cm**
- **Durable, weather-resistant polypropylene**
- **x2 top loops with protectors and 4 x side handles**
- **Bespoke Sizes and printing available on both sides**
- **These bags are versatile and adaptable for various needs**
- **Other uses: window frames, flooring, plasterboard & radiators**

Perfect for professionals in the solar industry, the Solar Panel Bag ensures peace of mind when handling valuable equipment. It can also work well in other industries for example: Building and Construction
