Polypropylene Strapping

Polypropylene strapping is a lightweight, flexible, and cost-effective packaging solution ideal for bundling or securing boxes, parcels, and pallets. It offers excellent tensile strength, resists splitting and is easy to handle. Perfect for light to medium loads, it ensures safe transport while remaining economical and user-friendly for everyday applications.

PP Strapping is ideal for: Boxes, newspapers, food packaging, light pallets.

-  Width options, range from 5mm- 19mm
-  Thickness 0.35mm - 1.0mm
-  Polypropylene Strapping break strength: 45kg - 500kg
-  Elongation: 14-20%
-  Many standard colours available

PET Strapping

Heavy loads can be secured with PET strapping, a flexible and long-lasting polyester banding material. It is safer than steel strapping and has great tensile strength, impact resistance and is environmental friendly.

PET Strapping ideal for: Timber, bricks, metals, heavy goods, replacing steel strap.

-  Width options, range from 7mm - 32mm
-  Thickness: 0.4mm - 1.5mm
-  Polypropylene Strapping break strength: 200kg - 1500kg
-  Elongation: 10-15%
-  Colours include: Black, clear, green, white, red, yellow, orange & blue

***Important storing information, keep strapping in shaded environments, avoiding extreme humidity and direct sunlight**
